

Education for All

**HOUSING SUPPORT
FOR BS0021 CHONDA**

BANCHE SHEKHA

JESSORE

Background.....

BS0021 Chonda is youngest member of the family of seven brother and sisters. In the Jogahati community this family is the most poorest family. Due to old age her father unable to work. Also due to old age her mother unable to do the physical job so, sometime she begging. The family main earning source her one of brother who worked as day labor and monthly earn 1,500tk; which is equivalent to euro 18,75.

In the whole family Chonda only studying at the school. She is studying at Jogahati Government Primary School in class One. Her family never thought to send her school. Like her other sisters and other girls of the community. When she will be enter into the 12/14 years than the parents will give to her early marriage.

But BS and IDEA-onlus **“Education for All”** initiatives changing their thoughts. Now her parents willingly send her the school. It is satisfying that parents now make the effort to send Chonda to school regularly, despite the problems they have. Through motivation, parents are increasingly aware of the real and long term value of education.

Chonda family thanks to **Gabriele e Maria** for the precious support. Without the support, Chonda not have gone to school and would have early marriage. The support results is long lasting and will contribute to the making of a better future for the Chonda and her family.

The family lives in very vulnerable condition. Their house build with half mud wall and polythene shade. For toilet using the open spaces.

To change Chonda’s living condition in last birthday Maria Martin took initiative to provide a good standard housing and sanitary support. Recently we receive a special grant from Maria for Chonda housing. In the month of May we build a new house with sanitary latrine for Chonda and her family. The Chonda’s family is very grateful for this outstanding support.

Love and thanks to Maria and Gabriele.....
