The following is a discussion of the major works undertaken during the reporting period and the plan for the next month.

a. THE NEW INITIATIVES/ACTIVITIES

- 1. Medical Support:** Mr. Monmoto one of the poor villager from the community. He is a fisherman and he have 4 child. He does not send any of his children to the school and without any dream living his life like other Jogahati people. He even not cares his sudden illness because financial constraint not gives him chance to take proper medical assistance. However, BS and IDEA-Onlus supports change his way of life style. Now he works hard to sustain his family and sending his younger son Ashutosh (BS0036) to school. Day by day, he improving his life condition but he often get pain in his lower abdomen. He thought it was just pain so; he took some pills to reduce the pain. Recent times the pain is increasing and remaining long and painkiller does not working. During that period, we were planning to conduct medical camp at the community. To make a primary patient list for the medical camp community motivator visited each house. During the visit found Monmoto with his abdominal pain. Due to rain and political strikes, we were unable to conduct the camp so, considering Monmoto situation we took him to the specialist doctor. After through check-up, doctor advice for X-ray, Ultrasound, Blood and other tests. After a week later pathological report show, that Monmoto require immediate operation for the Appendicitis. We admit him immediately to the hospital and he had a successful operation. Doctor said that Monmoto could have die if late another couple of weeks for the operation. Now Monmoto is fully recover and living happily with the family. He grateful to the BS and IDEA Team for saving his life. Until he is fully able to start work, he might require some additional food support. Education for All project will provide necessary extensive support to this family.
- 2. Seasonal Fruit:** Jackfruit is the national fruit of the Bangladesh and its resource of the Unique for its size, delicious jackfruit is rich in energy, dietary fibre, minerals and vitamins. In Bangladesh Jackfruit widely known as "Goriber Fal" (its mean poor peoples fruit). Now its seasons of Jackfruit, during the month we distributed 78 jackfruits to each family of the Jogahati as extra nutritional support. The families are very surprised to receive this delicious gift and express thanks to IDEA-Onlus and Friends.
- 3. Community Contribution for School:** BS pre-school was setup couple of years ago at Jogahati to provide basic education to the children. The school structure is established one of community member land. Last parents meeting suddenly the landowner wants the rent for the land uses and she was very furious. In the meeting, all other parents decided to bear the cost of the rent and want to pay monthly to landowner. It is amazing that community people realise the needs of the school and to continue of school they want to contribute the cost. This is a good sign that community is developing, together with confidence, they start to solve their own problems. Big thanks to IDEA-onlus team for the support they are providing at the community and the support improving self-awareness and give the confidence to take own decisions.!
