c. PROBLEMS AND RECTIFICATIONS

- Christmas & New Year Greetings:** We are unable to send the greetings card to adopted parents of BS0095 Rokeya, because Rokeya family have changed the residence and now living another place.
- Annual Exam Result:** The children we have targeted have been the poorest, the most vulnerable and the outcasts in a society, which itself is very poor. The children have lack of nutrition and proper guidance from the family. The parents have lack of awareness and self-motivation. Even the parents just do not want to send their children to school. After we started the Education for All project gradually the parents start to send their children to school, and they are enjoying it. Just last six months students start to receive the tuition support. We hope this year student's scholastic developments will be progress more. To ensure the scholastic development we will concentrate in following aspects;
 - To increase number of tuition teachers.

- To ensure quality education by the tuition teachers.
 - To make the twice month home visit.
 - To visit schools to check the attendance.
 - To take special care with weak students.
3. To involve and orientation about the importance of Education for All and PRERONA Project to the local government officials, we were plan to invite them in November distribution programme. Due to government officials busy schedule not able to participate at December'10 distribution programme but promised that in very near future programme they will be participate.

d. ACTIVITIES ARE PLANNED FOR MONTH OF January 2011

Beside the regular activities of the project following initiative shall take in next month;

1. **ID card Distribution:** To identify the adopted students easily and provide the materials or support in organised way we have been print the students ID card and planning to distribute the ID card in January to every adopted student.
2. **Dropout Students:** According the previous months report BS0005 Jugol, BS0007 Shushil, BS0043 Aktarul and BS0095 Rokeya has been dropout from the project. As replacement of this student, we will prepare and send 4 new student profile to IDEA.
3. **Materials Distribution Policy:** At present 89 students receiving support from the project. For malnutrition, extreme poverty and lack of regular fixed income, we are providing nutrition materials (such as Rice, Dhal, Potato, Oil and Salt) to the 77 student's family of Jogahati village. After almost one and half year project implementation, we found some families are able to elevating from the poverty and found alternative jobs to earn regular fixed income and for the drop-out reason we have to stop the support. For that reason and according the project policy, we are planning to eliminate some families from the nutrition materials distribution list of 2011. After starting of "Prerona" project at Jogahati, gradually we will close down the nutrition materials support and we will concentrate for the students Education support, Health & Hygiene and for the Tuition supports. The list is following;
