### c. PROBLEMS AND RECTIFICATIONS

1. **BS0005 Jugol and BS0007 Shushil:** We shall introduce them to PRERONA project for Vocational Training which ensure there future self-employment and in there replacement we should introduce new students.
2. **BS0043 Aktarul:** Suddenly Aktarul family has been change their living location and migrate to another place. For that reason, he is not available for the adoption support from the project. We request to new student in his replacement.
3. **BS0095 Rokeya:** Recently Rokeya has been adopted for the next year programme from Mohishhati village but during our follow-up we found that family have left the colony and moved to the grandfather place and neighbour confirmed that they will not return again. Request to cancel her adoption and replace a new student.
4. **Second Term Exam Result:** In second term exam, we found little scholastic improvement than first term exam. One month before the second term exam, we have started the tuition programme for the community. Therefore, the teachers get short time to prepare the student for exam. We do hope that in next annual exam tuition programme will bring the remarkable scholastic improvement to the students.
5. To involve and orientation about the importance of Education for All and PRERONA Project to the local government officials, we were plan to invite them in November distribution programme. Due to government officials busy schedule not able to participate at November '10 distribution programme but promised that in very near future programme they will be participate.

In that village nearly 70 ultra-poor families living, they are not only poor they had taken loan but unable to refund it (due to unproductive investment and proper guidance) for that reason they now living more miserable life. The most of community people does not have the regular source of income and the children not going to school due to poverty and the government school situated in 2km. distance from the community.
