We are pleased to update you on our activities in **June 2023**. The following is a summary of our major accomplishments during this period, as well as our plans for the coming month.

a. THE NEW INITIATIVES/ACTIVITIES

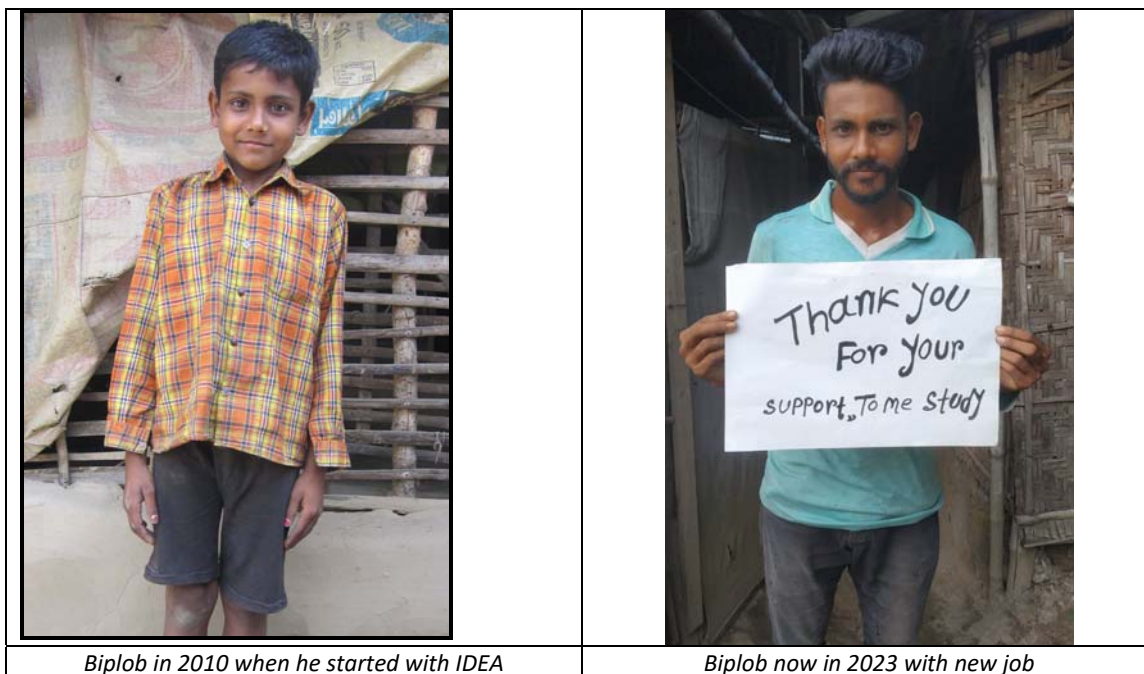

- 1. Pre-school Class Test:** We conducted a class test for the Jogahati preschool. Our tuition teachers served as examiners and tested 27 students on their learning improvements. The results are promising. The students were able to answer all of the oral and written questions.

- 2. Bicycle Distribution:** Walking long distances to school can be exhausting, especially for girls. Recently, the local Union Council Chairman donated 4 bicycles to girls in Jogahati who are supported by our organization. This means that the girls can now ride their bicycles to school comfortably, making it easier for them to attend classes. The donation has also helped to break the taboo against girls cycling in the village.

- 3. Former Students Success:** Biplob Das, a former sponsored student of IDEA Onlus Italy, recently secured a cleaning job in the nearest Army Cantonment. Biplob is from Churamankati village, and he received financial support from an Italian family for his education from class 2 to class 8. He is grateful to IDEA Onlus Italy and the family for their support, which he believes helped him to get this decent job. He believes that without their support, he might have ended up with a risky day labor job like other boys in his community. He is thankful to IDEA Onlus Italy for changing his life and destiny.

b. THE ROUTINE ACTIVITIES IMPLEMENTED

- Guardians' Meetings:** During this month, we held 5 guardian meetings in Jogahati, Churamankati, Mohishati, and Sorupdaho villages. In these meetings, we discussed the role of parents at home and students' attentiveness to their studies at school and home. Guardians participated actively in the meetings.
- Community Visits:** During this month, the Community Motivator visited Jogahati village 8 times, Churamankati village 9 times, Mohishati village 4 times, and Sorupdaho village 4 times. The visits were to follow up on community progress activities, student study at home, and to supervise the tuition programmes.
- Door-to-door Visits:** To follow up on student study at home, Tuition Teachers and Community Motivators visited all 184 student households during this month. The door-to-door visits ensured family involvement with the project and student study, progress on domestic cattle care, cleanliness of homes and clothing, proper utilization of distributed materials, and kitchen gardening.
- Tuition Programme:** To improve student attendance and scholastic development, tuition teachers provide after-school study support to students every working day. Through this program, we ensure the students' study progress. During this month, a total of 21 days of tuition classes were conducted at 4 study centers. The monthly data is as follows:

SL	Location / Community	Number of Teachers	Number of Sponsored Students	Number of Non-Sponsored Students
----	----------------------	--------------------	------------------------------	----------------------------------

5. **Nutrition Programme:** The preschool warm 'Khitchuri' meal program is helping children to get the nutrition they need in early childhood. This has led to improved attention and attendance in class, and more parents are interested in sending their children to preschool.
