We are pleased to update you on our activities in **October 2023**. The following is a summary of our major accomplishments during this period, as well as our plans for the coming month.

a. THE NEW INITIATIVES/ACTIVITES

1. **Drawing Selection:** Among the 160 student submissions, Barsa Das's (196), class 8 artwork has been selected for this year's Greetings Card. This year, our Dutch friend Nicole and her friends assisted in the selection process. Barsa's drawing depicts a school scene with children playing, tending to school gardens, and people working.

2. **Kitchen Gardening:** Every student in the community has planted vegetables in the area surrounding their homes. Each student's family has planted at least two different types of vegetables, with a maximum of three. These vegetables not only contribute to the families' daily nutritional needs but also provide an additional source of income through sales at local markets. In this report, we share with you pictures of the families' vegetable gardens. Kitchen gardening is a valuable practice that promotes both food security and economic empowerment.

b. THE ROUTINE ACTIVITIES IMPLEMENTED

- Guardians' Meetings:** During this month, we held 5 guardian meetings in Jogahati, Churamankati, Mohishati, and Sorupdaho villages. In these meetings, we discussed the role of parents at home and students' attentiveness to their studies at school and home. Guardians participated actively in the meetings.
- Community Visits:** During this month, the Community Motivator visited Jogahati village 8 times, Churamankati village 8 times, Mohishati village 5 times, and Sorupdaho village 3 times. The visits were to follow up on community progress activities, student study at home, and to supervise the tuition programmes.
- Door-to-door Visits:** To follow up on student study at home, Tuition Teachers and Community Motivators visited all 184 student households during this month. The door-to-door visits ensured family involvement with the project and student study, progress on domestic cattle care, cleanliness of homes and clothing, proper utilization of distributed materials, and kitchen gardening.
- Tuition Programme:** To improve student attendance and scholastic development, tuition teachers provide after-school study support to students every working day. Through this program, we ensure the students' study progress. During this month, a total of **26 days** of tuition classes were conducted at 4 study centers. The monthly data is as follows:

SL	Location / Community	Number of Teachers	Number of Sponsored Students	Number of Non-Sponsored Students
1	JOGAHATI Tuition Programme	3	46	33
2	CHURAMANKATI Tuition Programme	1	9	16
3	MOHISHATI Tuition Programme	1	3	22
4	SORUPDAHO Tuition Programme	1	5	20
5	JOGAHATI PRE-SCHOOL Programme	1	5	22
	Total:	7	68	113

* 3 individual adopted students receive private tuition support.

- Nutrition Programme:** The preschool warm 'Khitchuri' meal program is helping children to get the nutrition they need in early childhood. This has led to improved attention and attendance in class, and more parents are interested in sending their children to preschool. The following list of individual students shows how their weight and height have improved since starting the program. The monthly data as follows;
