Executive Summary

In February 2026, the BS Education Project continued supporting 118 sponsored and non-sponsored students across two villages. During this month, the national election took place in Bangladesh. Despite this, we successfully conducted pre-school and tuition classes for 21 days.

On 21st February, we celebrated International Mother Language Day, honoring the importance of language, culture, and education.

Throughout the month, our core activities remained focused on ensuring regular school attendance, providing after-school tuition support, distributing educational materials, and offering essential nutrition to preschool students.

a. THE NEW INITIATIVES/ACTIVITIES

- 1. Tiffin Boxes for Pre-School Students:** To support daily nutrition and improve hygiene during meal time, we distributed tiffin boxes to all pre-school students. These boxes are used by the children to receive and eat their Khichuri meals during class time. Providing individual tiffin boxes helps ensure that the food is served in a clean, organized, and hygienic manner, while also encouraging the children to develop good eating habits. This small initiative also brings joy and a sense of ownership to the children, making meal time more comfortable and enjoyable for them.

b. THE ROUTINE ACTIVITIES IMPLEMENTED

- 1. Guardians' Meetings:** During this month, we held 2 guardian meetings in Jogahati, and Churamankati villages. In these meetings, we discussed the role of parents at home and

students' attentiveness to their studies at school and home. Guardians participated actively in the meetings.

2. **Community Visits:** During this month, the Community Motivator visited Jogahati village 12 times, Churamankati village 10 times. The visits were to follow up on community progress activities, student study at home, and to supervise the tuition programmes.
3. **Door-to-door Visits:** To follow up on student study at home, Tuition Teachers and Community Motivators visited all 118 student households during this month. The door-to-door visits ensured family involvement with the project and student study, progress on domestic cattle care, cleanliness of homes and clothing, proper utilization of distributed materials, and kitchen gardening.
4. **Tuition Programme:** To improve student attendance and scholastic development, tuition teachers provide after-school study support to students every working day. Through this program, we ensure the students' study progress. During this month, a total of **21 days** of tuition classes were conducted at 2 study centers. The monthly data is as follows:

| SL | Location / Community | Number of Teachers | Number of Sponsored Students | Number of Non-Sponsored Students |
|---------------|--------------------------------|--------------------|------------------------------|----------------------------------|
| 1 | JOGAHATI Tuition Programme | 3 | 44 | 28 |
| 2 | CHURAMANKATI Tuition Programme | 1 | 7 | 18 |
| 3 | JOGAHATI PRE-SCHOOL Programme | 1 | 3 | 17 |
| Total: | | 5 | 54 | 63 |

** 1 individual adopted students receive private tuition support.*

5. **Nutrition Programme:** Each day, we provide food at our pre-school, recognizing the nutritional needs of students from very poor families who may suffer from malnutrition. This meal program plays a vital role in ensuring essential nutrition for these children at an early age. Consequently, we observe improved attentiveness and regular attendance among the children in classes, while parents demonstrate heightened awareness and interest in enrolling their children in pre-school. Below, we have included a list of individual students to monitor their progress in weight and height.
