Executive Summary

In January 2026, the BS Education Project continued to support 115 sponsor and non-sponsor students across two villages. This month marked the successful start of the new academic session, with 40 students passing their previous exams and advancing to their new classes.

Key transitional milestones included the graduation of seven preschool children who enrolled in local primary schools, and the welcoming of nine new preschool students from Jogahati village. Throughout the month, our core ongoing activities remained focused on ensuring regular school attendance, providing after-school tuition, distributing educational materials, and delivering essential nutrition support to preschool students.

a. THE NEW INITIATIVES/ACTIVITIES

- 1. New Classes and New Books:** Out of 56 sponsored students, a total of 40 successfully passed their exams. Sixteen students failed; notably, nine of these students were not regular in their studies. The students who passed have been promoted to new classes and received new textbooks. The breakdown of students by class for 2026 is as follows:

- 2. New Admission:** Seven BS pre-school students have enrolled in the local government school, and nine new Jogahati children have joined the BS pre-school.

b. THE ROUTINE ACTIVITIES IMPLEMENTED

- 1. Guardians' Meetings:** During this month, we held 2 guardian meetings in Jogahati, and Churamankati villages. In these meetings, we discussed the role of parents at home and students' attentiveness to their studies at school and home. Guardians participated actively in the meetings.
- 2. Community Visits:** During this month, the Community Motivator visited Jogahati village 14 times, Churamankati village 12 times. The visits were to follow up on community progress activities, student study at home, and to supervise the tuition programmes.
- 3. Door-to-door Visits:** To follow up on student study at home, Tuition Teachers and Community Motivators visited all 119 student households during this month. The door-to-door visits ensured family involvement with the project and student study, progress on domestic cattle care, cleanliness of homes and clothing, proper utilization of distributed materials, and kitchen gardening.

4. **Tuition Programme:** To improve student attendance and scholastic development, tuition teachers provide after-school study support to students every working day. Through this program, we ensure the students' study progress. During this month, a total of **25 days** of tuition classes were conducted at 2 study centers. The monthly data is as follows:

SL	Location / Community	Number of Teachers	Number of Sponsored Students	Number of Non-Sponsored Students
1	JOGAHATI Tuition Programme	3	44	28
2	CHURAMANKATI Tuition Programme	1	7	18
3	JOGAHATI PRE-SCHOOL Programme	1	3	17
Total:		5	54	63

** 1 individual adopted students receive private tuition support.*

5. **Nutrition Programme:** Each day, we provide food at our pre-school, recognizing the nutritional needs of students from very poor families who may suffer from malnutrition. This meal program plays a vital role in ensuring essential nutrition for these children at an early age. Consequently, we observe improved attentiveness and regular attendance among the children in classes, while parents demonstrate heightened awareness and interest in enrolling their children in pre-school. Below, we have included a list of individual students to monitor their progress in weight and height.
